07 Categories

Joint projects

# Common Project Categories

# 01. Spotlight on Children

Points 7500

- Projects conducted to groups under the age of 18.
- The project shall include educational, health, safety, or developmental support (such as storytelling sessions, hygiene kit distribution, nutrition awareness, basic health checkups, personal safety education, reading corner setups, or creative activities like drawing and games.)
- Promoting digital safety for children, with a focus on cyberbullying prevention and managing online addiction.

## 02. Responsible Consumption & Waste Management

Points 10000

- Projects on restorations and recycling of products for a renewed purpose, which could be sold to create a means of revenue to benefit another individual's livelihood via the sale of such products.
- Community awareness programs for responsible consumption to minimize wastage and micro waste management/ recycling within homes itself.
- Programs on proper disposal of e-waste and electronics which contain harmful elements. (E.g. CFL bulbs which contain mercury, electrical equipment etc.)
- Projects focusing on composting where household organic waste is collected and turned into compost, which can be sold to /used by local gardeners and farmers.
- E-waste and fast fashion reduction programs by fostering collaboration with Eco entrepreneurs.
- Leos can partner up with Municipal Council/Environmental organizations in giving out new concepts to minimize waste and also projects focusing on sanitary landfill.

## 03. Health, Nutrition and Food Safety

Points 12000

- Programs on nutrition and awareness (e.g. even topics such as usage of fatty foods/carbonic vegetables)
- Programs on sanitation and awareness of a healthy lifestyle.
- Promote nutritional food plans using affordable ingredients.
- Programs focusing on establishing community gardens to encourage residents to grow their own fresh fruits and vegetables.
- Provide training on proper food handling, storage, and preparation techniques to prevent foodborne illnesses.
- Projects specifically aimed at improving maternal and child nutrition.

## 03. Health, Nutrition and Food Safety

Points 12000

- Programs are done to identify the burden of disease from physical, chemical and microbial hazards in food and unhealthy diets, maternal and child malnutrition, overweight and obesity.
- Projects related to Cancer, kidney-related diseases & non-contagious diseases awareness.
- Any blood donations and medicine distribution shall be done only under the prescription of a doctor.
- Workshops/awareness sessions entitled for stress reduction, discussions on mental health, gratitude challenges etc. by professionals.

## 04. Peace & Cultural Activities

Points 8000

- Projects that will promote reconciliation between different cultures/customs and communities to a larger audience to bring attention and better understanding about each other for coexistence. (cultural programs are encouraged)
- Education programs to overcome language/communication barriers between languages among communities.
- Programs to promote cultural activities that make it possible to generate bonds of union between members of the same community. To transmit beliefs, customs, and traditions through art, dance, poetry, music, clothing, gastronomy, theatre and literature.
- Projects providing training in conflict resolution between different cultures/customs and communities, mediation techniques to community members to address and resolve conflicts peacefully.

## 05. Sports & Recreation

Points 8000

- Activities to uplift health, fitness, discipline and unity among citizens.
- Initiate programs designed for seniors, such as low-impact aerobics, yoga, and swimming, to improve mobility, health, and social interaction. Fitness programs specifically designed for seniors to promote active aging and social interaction.
- Distribution of sports equipment, coaching and guidance, and development infrastructure for sport.
- Projects to enhance community recreational centers equipped with sports facilities, fitness equipment, and recreational spaces.

## 06. Senior Citizens Development

Points 8000

- The focus of the senior citizen (Groups above the age of 60) program is to enable individuals to continue being an integral part of their community while keeping their dignity and sense of well-being. The goal of these projects is to enrich the lives of senior adults in means of educational programs, self-employment activities and other recreational activities.
- Projects focusing on self-employment opportunities such as crafting, gardening and consultancy, encouraging seniors to utilize their skills and generate income.
- Developing programs that bring together seniors and younger generations for mutual learning and cultural exchange, fostering understanding and respect across age groups.
- Digital literacy training and introducing tech-assisted care tools.
- Exceptional this criterion will cover projects done on retirement and pension plan awareness programs and wealth Management programs for age groups below 60.

## 07. Helping Hand to Differently Abled

Points 8000

- Programs to develop facilities for their surroundings, provide enjoyment and enhance the living style of the differently abled.
- Identifying and conducting individual skill development programs. (Teaching art & crafts, enhancing music skills etc.)
- Organize projects to change the perception of employers and differently-abled persons themselves regarding job opportunities.
- Programs identified for special medical treatments for the differently abled. (E.g. Mental health, Physiotherapy, etc.)
- Awareness programs to make community respect, to avoid discrimination and to welcome differently abled as an integral part of day-to-day life.

## 07. Helping Hand to Differently Abled

- Develop facilities such as ramps, and accessible restrooms in public buildings and community centers to enhance mobility and independence for differently abled individuals.
- Programs focusing on distributing assistive devices and technologies like wheelchairs, hearing aids, and communication devices to differently abled individuals, enhancing their daily living and independence.

## 08. Public Relations

Points 10000

- Projects need to be directed at developing strong relationships between the public and our Leo activities via effective communication. Communication among both parties could include branding programs conducted by Leos through projects or events.
- High promotions, effective marketing tools and a higher number of communities need to be reached in excellent handling of public relationships.
- Programs to take the visibility of Leo and Lions Clubs in public to build a good rapport. Media, social and online campaigns with a high magnitude/attention might be considered.
- Use of metrics such as engagement rates, impressions and innovative media platforms are encouraged.

## 09. Fundraiser

Points 7500

- Every club must have conducted at least one fundraiser for the year.
- Proper accounts & ledgers should be maintained. Net profit from the program should be clearly visible.
- In the case of a joint project, the net profit share to the Leo Club should be clearly stated. > Provide a letter from the other Club joined (e.g. Lions Club) stating profit sharing basis/ fund allocation from the fundraiser and mention the Leo Club's Contribution clearly in the letter.
- Required to provide bills, invoices and other supporting documents.
- Leo Club Installations, Charters, and Anniversaries are not considered under this category, but projects attached to those events could be considered.

## 09. Fundraiser

Points 7500

- When a project is planned in this category, only the net profit shall be considered. Net profit is defined as funds raised minus expenses related to the project.
- Conducting service activities from the funds raised through the Club fundraising is encouraged.

## 10. Quality Education & Literacy

Points 12000

- Projects concentrated towards enhancing or building an identified quality education need towards an individual or group.
- Conducting literacy programs for preschoolers, youth and elders and exploring smart classrooms and other updated digitized learning methods will also be considered.
- Projects could be conducted in skill development, improving literacy, educating or giving an opportunity to enhance an individual/group's lives.
- Scholarship and education aid programs, guidance for higher education and for vocational training.
- Programs focusing on creating scholarship schemes to provide financial aid for students from low-income families, enabling them to pursue higher education or vocational training.

# 11. Women Empowerment

Points 15000

- Projects conducted towards women in society by molding, encouraging, and strengthening them via developing an existing opportunity or platform to perform. (Gender-neutral jobs)
- Projects focusing on sanitation and improved hygiene practices to promote a healthy lifestyle.
- Awareness and prevention programs on women abuse, eliminating gender discrimination, equal rights and labor laws to build their career path or lifeline are highly considered as well.
- Programs to develop self-employment and women entrepreneurship.

## 12. Poverty & Better Life

Points 7500

- Projects focusing on uplifting the living standards of an individual or a family.
- Programs for employment, self-employment, micro-finance, and distribution of aid for poverty-hit households or an individual.
- Counseling services to overcome poor life standards.
- Projects on setting up centers offering vocational training in high-demand trades, such as plumbing, electrical work, and healthcare, equipping individuals with skills for stable employment.

## 13. Clean Water & Energy Conservation

Points 12000

- Awareness programs on energy conservation, responsible usage of energy sources (e.g. efficient ways of electricity usage).
- Projects that promote the use of renewable energy sources, such as installing solar panels or wind turbines in community centers, schools, and residential areas.
- Programs on water pollution, availability of clean water for communities (e.g. drinking water), distribution of water purification equipment and awareness on water purification methods, construction of tube wells.

## 14. Crime & Accident Prevention

Points 7500

- Programs entitled under this category are to be focused on any selected individual/ group in society. (E.g. Road accidents prevention programs among drivers and pedestrians)
- Crime Awareness and prevention programs could be focusing on abuse and assaults faced by children, men and women in society, physically or mentally while providing them with the legal support they could aid. (E.g. Prevention of cyberbullying, scams, psychological manipulation)
- Projects providing self-defense training for women, men, and children to empower them with the skills needed to protect themselves against physical assaults and boost their confidence and sense of security.
- Projects establishing neighborhood watch groups to promote community vigilance, enhance security and foster collaboration with local law enforcement to prevent and reduce crime in residential areas.

## 14. Crime & Accident Prevention

Points 7500

- Accident prevention could also be addressed, and public awareness could be conducted through many broad titled programs.

## 15. Infrastructure Development

Points 7500

- Letter of acknowledgement from the beneficiary communities, schools or any other institute.
- Infrastructure is the basic physical system of a business or nation. Transportation, communication, sewage, water and electric systems are all examples of infrastructure.
- Development, refurbishment, and repair of public properties and common properties which are beneficial to communities (e.g. bus halts, repair of classrooms of a school, sign boards, repair of public wells, building/assisting to build a library for schools etc.).
- It is advised to provide a proper budget, and budget approvals along with other financial evidence.

## 16. Research and Development

Points 10000

- Qualitative and Quantitative research are both considered to address a timely need in the community.
- The research should run for at least a month.
- Leos should take an effort in engaging in primary and secondary research and Leos' involvement should be highlighted to a greater extent. (Note: Questionnaires, and photos of Leo's efforts are needed in the appendices)
- Important: After the research is conducted, implementing the proposal derived from the project needs to be implemented in a niche/mass sample. The results of the outcome need to be included in the R&D report.
- Identifying, Publishing, Developing and delivering creative and innovative products/ services to the community.

## 17. Drug Prevention and Rehabilitation

Points 10000

- Projects in this category could be focused on two main aspects of the community:
  1. Drug prevention awareness campaigns
  2. Projects towards rehabilitation centers and residents.
- Focus projects to identify drug addicts and encourage them to undergo rehabilitation for a better life.
- Social campaigns to reduce alcohol, cigarette and other dangerous drug consumption.
- Campaigns to create awareness of even health effects of drugs.
- Programs to prevent school students/minors from using drug alternatives. (I.e. consuming syrups, dangerous doses of medical drugs without doctor's advice, drug pills)

## 17. Drug Prevention and Rehabilitation

Points 10000

- Projects focusing on developing initiatives aimed at youth, such as Clubs or peer support groups that promote drug-free living and provide positive recreational activities.
- Leos contribution is specifically needed if the project is conducted with the support of other organizations.

## 18. Street Animals, Wildlife & Life Below Water

Points 8000

- Projects on reforestation, protection of forest covers & wildlife.
- Projects on the protection of limited/restricted species of animals/fishes.
- Awareness, and prevention programs on under-water pollution (e.g. disposal of plastics into the sea) and under-water cleaning programs targeting schools, communities, and industries.
- Developing initiatives to protect endangered species by setting up wildlife sanctuaries, breeding programs, or feeding stations.
- Programs such as fieldtrips, guided bird watching, cleaning, and signboards to create awareness also will be considered.
- Initiatives to protect street animals through adopting homes, breeding programs, feeding stations, or humane care for street animals

## 19. Fellowship

Points 7500

- Projects conducted by Leos primarily to enhance fellowship through uplifting the Leo movement.
- Programs focusing on building team spirit and unity among the club, other clubs, district, and multiple levels.
- Individual club celebrations, including birthday celebrations, will not be considered.

## 20. Betterment of Leoism

Points 10000

- Betterment of Leoism could be reached through developing leaders of service to our nation who will lead ethically and diplomatically. Ethics and Etiquette guidance opportunities in a fun filled environment could be provided for Leos of Sri Lanka & Maldives.
- Leadership, skill development, and career guidance programs for Leo Club members.
- Projects focusing on conducting seminars on professional ethics and social etiquette, integrating these topics into engaging and interactive activities, such as role-playing and situational analysis.
- Innovative membership development programs. (E.g. team building programs for Club members, innovative Club orientation programs)

# Lions Global Service Challenge

# 01. Projects for Diabetes

Points 12000

- Awareness programs for targeted groups (E.g. professionals) on diabetic prevention, food and lifestyle patterns
- Raising awareness of diabetes through Strides events, expanding access to care through screening and treatment programs, and improving quality of life through diabetes camps and community recreational programs.
- Establish support groups for individuals living with diabetes to share experiences, offer emotional support, and exchange practical advice.
- Projects focusing on partnerships with local businesses, healthcare providers, and community organizations to create a network of support for individuals with diabetes.

## 02. Projects for Environment

Points 12000

- Projects under this category could be focused on the timely topics of climate action, global warming reduction, environmental conservation programs, pollution management, etc.
- Awareness programs and Prevention programs are both inclusive to the project category and much weight will be given to Prevention programs Leos conducts.
- Developing initiatives to promote waste reduction, recycling, and composting practices within the community.
- Much weight will be given to the projects which sustain in the long run.

## 03. Projects for Hunger

Points 12000

- Projects focusing on relieving hunger for any age group or community/homeless with a need identified to serve.
- Encourage gardening of vegetables and fruits to promote self-sufficiency and also make gardens in a way that less fortunate people could benefit from the harvest.
- Programs on awareness of a healthy lifestyle, especially focusing on the needy in the community. For instance, efforts to tackle malnutrition in society, in children, pregnant mothers and the elderly.
- Programs targeted on food safety, i.e. - Avoidance of food poisoning, harmful practices on food consumption etc.

## 04. Project for Pediatric Cancer (Childhood Cancer)

Points 12000

- Awareness on pediatric cancer.
- Programs to expand access to life-saving treatment and support the children and families who need us most.
- Projects focusing on holistic support programs that address the physical, emotional, and social needs of pediatric cancer patients and their families

## 05. Projects for Vision

Points 12000

- Eye screening and distribution of spectacles and visual aids.
- Awareness on eye health in targeted groups. (E.g. eye health among school children, help to diagnose eye problems)
- Programs for blind/ half-blind groups, Joint programs with the National Eye Bank.
- Implementing telemedicine services for eye care consultations, follow-ups, and vision assessments.
- Assistance on cataract surgery will be considered more.
- Developing low vision rehabilitation programs for individuals who are blind or have significant visual impairments.

## 06. Projects for Youth

Points 12000

- Projects should be conducted for age groups of 18 to 30 years in the community with a need identified.
- Leadership Development is one of the prime motives of the Leo Club Program. The projects conducted with the above focus for Leos and Non - Leos, will have a higher weight in recognition.
- Youth Empowerment could be addressed in building many vocational needs identified soft and technical skills via seminars, workshops and camps.
- Programs on leadership development, positive sense of self, self-control, decisionmaking skills, a moral system of belief, and other life skills. (E.g. first-aid skills)
- Programs focusing on enhancing critical thinking skills for innovative output and creative means of learning strategies involving high-end technologies. (E.g. Critical Thinking, Design Thinking, Decision Making, etc.)

## 06. Projects for Youth

- Programs focusing on teaching essential entrepreneurial skills such as business planning, marketing, and financial management.
- Develop mentorship programs pairing young individuals with experienced professionals who can provide guidance, support, and insights into career and personal development.
- Develop programs teaching financial literacy, including budgeting, saving, investing, and understanding credit.

## 07. Projects for Disaster Management and Prevention

Points 12000

- Awareness and prevention programs conducted to reduce the impacts of natural/man-made disasters in Sri Lanka are recognized in this category.
- Disaster response activities.
- Project beneficiaries could be from any age group and community with the risk and need identified by Leos.
- Collaborate with Government/Government related entities in conducting disaster management/ educational workshops and prevention programs.
- Projects on comprehensive training for volunteers in disaster response, including first aid, basic search and rescue techniques, and fire safety, to enhance community resilience.

# JOINT PROJECT AWARDS

## 01. Serving Together Project (Joint Project with Lions Club/ Sponsoring Lions Club)

- Serving together banner patch or Lions International Confirmation Email/ Letter.
- The Contribution made by Leos needs to be specifically mentioned in planning, organizing and conducting the project. Contributions made by Leo support, finance or materialistic donations need to be mentioned in the description.
- A letter from the Lions Club confirming the contribution made by Leo Club.

## 02. Regional Project (Joint Project with Leo Clubs in the same region)

- The Region Chairperson should obtain a letter of consent from each Leo Club confirming their willingness to participate in the project. The letter should also include the club's consent to pay the organizing fee (if any) associated with the project.
- The Contribution made by Leos of each club needs to be specifically mentioned in planning, organizing and conducting the project.
- The club which initiates the project will get additional 5000 points.
- Project Proposal should be submitted to the District and should get approval prior one month.

### 03. Zonal Project (Joint Project with Leo Clubs in the same zone)

- The Zone Chairperson should obtain a letter of consent from each Leo Club confirming their willingness to participate in the project. The letter should also include the club's consent to pay the organizing fee (if any) associated with the project.
- The Contribution made by Leos of each club needs to be specifically mentioned in planning, organizing and conducting the project.
- The club which initiates the project will get additional 5000 points.
- Project Proposal should be submitted to the District and should get approval prior one month.

## 04. Joint Project with Non-Leo/Outside organizations

- Prior to partnering with an outside organization, every Leo Club should get explicit approval according to the respective District President's approval procedure 14 days prior to the project date but not for emergency situations.
- The specific contribution by the Leo Club is required to be clearly mentioned in the report.
- A considerable contribution should be there from the Leo Club rather than participation/coordination on the event day.
- Letter of acknowledgement from the partnered organization is compulsory

## 05. Joint Inter-District Project

- Joint project between Leo Clubs from different Leo Districts.
- In all Joint projects the need analysis/descriptions and report should be the same as all the Clubs who partnered in the Joint Project. Leo Clubs can decide to submit a common project report as per reporting guidelines.
- Contribution from each Leo Club should be stated in the report.
- A letter or email of proposal, invitation, and acknowledgement from the hosting Leo Club along with the duly filled Form provided by the Leo Multiple should be added. (The approval should be received prior to 14 days of the project date.)

## 06. Joint Intra-District Project

- Joint Project between Leo Clubs from the same Leo District.
- If the joint project includes Leo Clubs from different Districts, the nomination will not be considered.
- In all Joint projects the need analysis/descriptions/and report should be the same as all the Clubs who partnered in the Joint Project. Leo Clubs can decide to submit a common project report as per reporting guidelines.
- Contribution from each Leo Club should be stated in the report.
- A letter or email of proposal, invitation and acknowledgement from the hosting Leo Club should be added.

## 07. Joint Projects with Foreign Leo Clubs / Best International Joint Project

- A Project that is done with a foreign Leos.
- Description of the project conducted locally and internationally needs to be included along with specific contributions made by Leos.
- A letter or email of acknowledgement from a foreign Leo Club should be added.
- A letter or email of proposal, invitation, and acknowledgement from the hosting Leo Club from Leo Multiple District 306 along with the duly filled Form provided by the Leo Multiple should be added. (The approval should be received prior to 14 days of the project date.)
- Need proofs (ex – Photos)

**THANK YOU**
